**Subject:** Development Plan Review

Hi

As a new resident in Ballybeg, the following are some thoughts on what I like to see in the CCC Development Plan 2022-2028:

- A riverside walk in Ennis: while there are some walkways alongside the river Fergus, there is potential for a greenway / blueway riverside walk from Clarecastle right through the town and out the North side of the town to conclude at Ballyalla lake. The spin offs from such blue/green ways are well documented.
- Footpath on the Clonroadbeg road east of the turn-off/junction to Ballybeg woods all the way to the Kildysart Road
- Lighting on the Clonroadbeg road west of the turn-off /junction to Ballybeg woods all the way down to the Kilrush road.
- Provision of a proper walking surface and street lighting on the 'rocky road' path from Clonroadbeg to the Icarus roundabout and on through to Eire Og Gaa Club.

Many thanks

Peter Williams
